Executive Introduction

Company History

VKN Financial Services (Pty) Ltd is a South African based (BEE Level 1 Contributor) Intermediary, Consulting and Risk Advisory service. Founded in 2000, we're closing in on three decades of outstanding service. Our unwavering commitment to excellence and innovation has set us apart, and we continue to thrive and lead the industry with pride”..

We have traversed many paths over the years, gaining significant experience in our field! Our focus continues to be the provision of unparalleled service that adds value and quality to our clients' needs. We aim to establish successful and sustainable partnerships with clients and insurance companies, based on mutual respect and the advancement of the goals and interests of all.

We give special thanks to all clients and service providers for their commitment and contribution towards our success. The road leading to where we are today has been checkered with ebbs and flows, and it is our greatest joy to see our tireless work culminate in an Institution that is recognized, respected and trusted by all who have been associated with us.

What do we do?

We specialise in insurance, renewals, intermediary and advisory services - including but not limited to - comprehensive needs analysis, identifying uninsured risks, obtaining quotations, quotation comparisons, client presentations, claims handling, insurer negotiations, policy administration and premium collections.

Vision Statement

Our vision is to dedicate ourselves passionately to the goal of meeting client needs by providing superior, value-added products and services.

Values

Our values centre around successful and sustainable partnerships with clients, staff members and insurance companies. This is measured by clients appointing us and continued reappointing because of our ability to exceed their expectations of price, service and expertise.

We achieved this through a value system enshrined on the following:

- Honesty
- Integrity
- Trust
- Long Term Relationships

Business Goals & Objectives

VKN's Ultimate goal and objective is to build upon the company's existing strengths, professionalism, reputation for honesty and integrity in order to increase our client base and further extend our excellent and unsurpassed track record.

Our Claims Management Service

Claims settlement is the mirror of service delivery. It reflects the ultimate test of our service level to our clients and plays an essential role in the fulfilment of our mission. Claims management includes but is not limited to the following:

- Receiving, collating claims information, registration and closing of claims.
- Engagement with contractors and repairers, negotiating acceptable claim settlements.
- Institution and administration of recovery action against third parties, administering third party claims against our clients.
- Participation in all claim and administrative settlement discussions with insurers, loss adjusters and assessors..

Business Competitiveness

Throughout our 24 years in existence, we have conducted ourselves with the passion, skills, service and resources to adequately handle our clients' insurance needs. Developing strong relationships with the insurance industry, with negotiated delegated authority with selected insurers. By having acquired a critical mass in our credible client profile, this has enabled us to negotiate cost effective and competitive premiums which benefit our clients.

Delegated authority gives us the mandate to:

1. Issue policies ensuring accuracy and removing unnecessary delays in delivering policies to our clients.
2. Collect correct customer premiums without monthly accounting queries and credit control challenges.
3. Monitor loss adjusters and assessors, removing unnecessary delays - which results in fast, efficient claims settlement and finalisation to our clients' satisfaction.
